Bike - 180 km

The cycling course begins at the canal landing stage in Hilpoltstein and leads over two loops, followed by a closing of 9 km back to Roth. The looped course leads from Eckersmühlen to Wallesau – Laffenau – Heideck - Selingstadt – Alfershausen – Thalmässing – Greding – Röckenhofen – Obermässing – Untermässing – Weinsfeld – Eysölden – Zell – Unterrödel – Hilpoltstein – Solar – Pierheim – Mörlach - Hilpoltstein – Heuberg – Haimpfarrich – Eckersmühlen. 90% percent of the course is closed for traffic. The route profile of the course is hilly and "garnished" with three little climbs. These sections have gradients of between 6 and 10 percent and run over 800 to 1.5 km.

Run - 42.195 km

The route is a one-lap-course links with 160 vertical metres. The course heads from Transition Zone 2 to the Roth Canal, through the industrial area before branching off south to the first turn around at Eckersmühlen lock. From there it heads back to Roth industrial area and continues north to the Leerstetten lock (turning point 2), then along the canal back to Roth. After a short loop on the Alte Allersberger road, the athletes run through Rothgrund to the Roth town centre. Then, it's off to Büchenbach before heading back to the centre of Roth and finally to the finish line stadium.

The course is flat except for a rise just before Büchenbach and towards Lände and is completely on paved, closed roads. Only the short wooded area to Lände and the short stretch of the canal is run on gravel paths.
